P R E F A C E .

THE present is the seventh volume of Nottinghamshire Parish Registers, and includes some further marriage registers in Rushcliffe Wapentake. Thanks are due to the parish clergy who have permitted their registers to be printed. The registers in the present volume have been transcribed by Mr. T. M. Blagg, Rev. J. Clough, Rev. P. H. Douglas, Rev. C. A. Hodgson, Rev. H. P. Ling, Rev. A. H. Millard, Mr. W. P. W. Phillimore, Major Robertson, and Mr. F. A. Wadsworth.

The entries, as before, have been reduced to a common form, and the following abbreviations adopted :—

w.—widower <i>or</i> widow.	p.—of the parish of.
s.—spinster, single woman, <i>or</i> son.	co.—in the county of.
b.—bachelor <i>or</i> single man.	dioc.—in the diocese of.
d.—daughter of.	lic.—marriage licence.
	f.w.k.—frame-work-knitter.

The spelling of the surnames is in all cases the same as in the original registers, but the Christian names have in most cases been translated or modernised.

It must be remembered that these printed abstracts of marriage registers are not “evidence” in the technical sense. Certified copies must still be obtained when evidence of a marriage is needed for proving a pedigree in a court of law, or when registering it at Heralds’ College. For such certificates application must be made to the clergy in charge of the original registers.

It should be borne in mind that previous to 1752 the years were calculated as beginning on the 25th of March, so that a marriage entered as having taken place on, say, the 20th of February 1624, really occurred on that day in 1625 according

to our reckoning. This is sometimes expressed by "162 $\frac{1}{2}$ " or 1624-5.

No index is issued with the volume, as the Editors believe that it is better to print as many registers as possible, and to defer index-making until the registers still in manuscript are placed beyond the risk of loss.

The present volume contains all the remaining parishes in Rushcliffe Wapentake except Bunny, Plumtree, and Stanton-on-the-Wold. These parishes, together with Langar, which belongs to Bingham Wapentake, will appear in a subsequent volume.

The next volume is already partly printed, and will contain a further portion of the parishes in Broxtowe Wapentake.

Marriages at West Bridgford,

1559 to 1812.

NOTE.—The Registers of West Bridgford are thus described by Mr. J. T. Godfrey in his *Notes on the Churches of Nottinghamshire*:—

“The first Register is of parchment, 12 in. high and 6½ in. wide, stitched in parchment covers. It contains Baptisms from November 1559 (except the years 1644, 5, 6) to 29th September 1653; Marriages from 23rd October 1559 to 29th September 1653; and Burials from 2nd October 1559 to 4th September 1653. The book is well written in English, and is in good order.

“The second book is also of parchment, and the leaves, 27 in number (including portions of leaves), are loosely stitched in a parchment cover. At the commencement is the appointment of the Parish Register: ‘Feb. 12th, 1653, We doe hereby Certifie yt Francis Smith of West Bridgford in the County of Nottingha’ is nominated and chose’ by the Major pt’ of the Parishioners there to be their parish Register.—Sa. Cotes, Rector there [and six others].’ ‘Francis Smith of West Bridgford approved and sworne Register for ye said Parish Apr. 12, 1653, by me, Hen. Sacheverell.’ The entries are very confused, and comprise Births, Marriages, and Burials from about 1654 to 1670.

“The third Register contains twenty parchment leaves in a parchment cover. It comprises Births, Marriages, and Burials from 1689 to 1724. The leaves vary in size, and some of them are eaten by mice. The marriages for 1689 and 1690 are written outside of the first cover, and the Burials and Marriages for 1724 are inside the back cover.

“The fourth book contains twenty-two parchment leaves, 10½ in. by 6½ in., eleven paper leaves, and a small parchment leaf stitched inside the front cover, which is part of an old parchment deed. The book contains Baptisms, Marriages, and Burials from 1725 to 1767-8.

“A parchment book contains Baptisms and Burials from 1768 to 1812, and at the other end are some Marriages from 1768 to 1779.

“Another book contains Marriages from 28th January 1772 to 5th November 1812.”

The entries for the year 1665 are in a little later hand, with a note at the top of the page to the effect that they were “copied out of a loose paper y^e lay in the Book, by me J. F.”

These Marriages have been transcribed by Mr. F. A. Wadsworth, of Nottingham, and are now printed, under his supervision, by permission of the Rev. Richard Hargreaves, rector of the parish.
